Lauren Schultz

It is with great pleasure that I recommend Lauren Schultz for a graphic design position with your company.

As the Administrator of Loose Ends for *Mimi Magazine* for the past 16 years, I have interacted with many interns at our business. Lauren Schultz was definitely one of our interns that stood out uniquely amongst the rest.

She already had an extensive knowledge on the all the Creative Suite programs we use here, so it was easy to give her direction on creating ads for our publication. Her designed ads were creative, clean and directed the message clearly to our readers of what our clients were trying to achieve.

Not only is Lauren Schultz extremely professional and an absolute joy to be around, she would always continue to better herself by asking for constructive criticism on projects she was involved with. Lauren always stuck to our deadlines and turned in designs in a timely fashion, which is huge in our line of business. Her interaction with our clients and photographer during photo shoots was always a pleasant experience for everyone involved.

If you need more information, please contact me at 330-220-8610 or marisa@mimivanderhaven.com. I would be happy to elaborate on my time working with Lauren.

Sincerely,

Marisa Peltz

Admisnistrator of Loose Ends
